Laptops

These refurbished laptops are perfect for consumers who need an upgrade but without the high price tag of buying new. All machines supplied freshly serviced and stress tested with 3 month warranty. Windows 10 may be an option for these PCs but may not run well on single and dual core machines. Unless requested otherwise machines will be installed with Windows Defender, Office 2010 starter edition and Firefox. By request, these refurbished laptops will be supplied with a new 12 Month McAfee Antivirus subscription. All latest windows updates will be installed. By request and at additional cost these machines can be upgraded with additional RAM, Larger Hard Drives, Solid State Drives, Graphics Cards or other upgraded components. Additional labour can be purchased to transfer data from your old computer.
